STUDY IN ISRAEL AT ISRAEL COLLEGE OF THE BIBLE

Come and explore the geographical and cultural context of the Bible for yourself, while living in Israel for a full academic year.

You could be standing in the middle of Jerusalem, unearthing the past in an archaeological dig, or taking a hike around the hills of the Galilee region, to envision where the gospel events took place. As well as field trips to the ancient sites of the Biblical past, you will discover more about what God is doing in Israel today.

In a dynamic and cross cultural environment, you will study alongside both Jewish and Arab believers, as well as students from many different countries across the world...
